

Asian Society of Abdominal Radiology

# Educational Lecture Course 2018 in Singapore

**Saturday, May 12, 2018**  
Venue: MAX Atria, Singapore EXPO

It is my great pleasure to hold the third ASAR Educational Lecture Course in Singapore. Education is one of the most important duties of ASAR and the success of this third course will be a momentum to strengthen the role of ASAR's Educational Lecture Course. Similar to the first course in Jakarta and the second course in Changchun, this course will be a practical, easy to learn, case-based lecture course and I believe that every participant will be satisfied with the course.

I would like to appreciate efforts of Professor Cher Heng Tan, Chair of Educational Committee of ASAR, to prepare for another successful educational course of ASAR.

Seung Hyup Kim, M.D.  
President of ASAR

We are proud to share that following the success of the first two Educational Lecture Courses in Jakarta followed by Changchun, the Asian Society of Abdominal Radiology will conduct its third course in Singapore on 12<sup>th</sup> May (Saturday) 2018. As before, the purpose of this course is to deliver a comprehensive educational lecture series that covers broadly areas of abdominal radiology with young Asian radiologists in mind.

The theme for this course will be "Oncologic Abdominal Imaging" and the lectures will be delivered in a case-based, question-and-answer format by renowned Asian radiologists. The course shall consist of around 18 lectures by 13 lecturers, including special morning and luncheon seminars.

As part of the registration for the event, participants will be able to attend other sessions within the Annual Scientific Meeting of the Singapore Radiological Society and College of Radiologists, Singapore (11-13<sup>th</sup> May 2018), where focus sessions on prostate and HCC imaging, as well as other subspecialty tracks will be covered.

Besides learning from a broad abdominal imaging syllabus, we hope that our attendees will make new friends from among the participants and speakers alike. We sincerely look forward to your participation!

Cher Heng Tan, M.D.  
Chairman of the Education Committee of ASAR

We will like to welcome everyone to the 3<sup>rd</sup> ASAR educational Lecture Course in Singapore, jointly organized by Asia Society of Abdominal Radiology and Singapore Radiological society. This lecture course is designed to be broad based and topical driven, covering all aspects of abdominal radiology. The contents which are deliberately curated will be delivered by renowned and experienced Asian abdominal radiologists. We strive to deliver the same good quality educational contents which had been well received in previous editions of the lecture courses in Jakarta, Indonesia and Changchun, China.

In addition, we are happy to announce that the lecture course is hosted in conjunction with the annual scientific meeting of the Singapore Radiological Society and Singapore College of Radiology. This will provide a synergistic educational and networking platform for all our participants.

We hope to see you in Singapore!

Wey Chyi Teoh, M.D.  
Chair, abdominal sub-section  
Singapore Radiological Society

## “Abdominal Oncologic Imaging”

Scheduled Time	Lecture Title	Lecturer
08:30-08:35	Opening remarks	Seung Hyup Kim, M.D. (Korea), Cher Heng Tan, M.D. (Singapore)
08:35-09:00	01. Neoplastic lesions in the cirrhotic liver	Jeong Min Lee, M.D. (Korea)
09:00-09:25	02. Neoplastic lesions in the non-cirrhotic liver (non-cystic)	Murakami Takamichi, M.D. (Japan)
09:25-09:50	03. Cystic lesions of liver / Neoplasms of the GB and Biliary tract	Myeong Jin Kim, M.D. (Korea)
09:50-10:15	04. Solid neoplasms of the pancreas	Shenghong Ju, M.D. (China)
10:15-10:35	Special lecture: Local ablation of the liver and pancreas	Hiromu Mori, M.D. (Japan)
15min	Break	
10:50-11:15	05. Cystic neoplasms of the pancreas	Bin Song, M.D. (China)
11:15-11:40	06. Gastric neoplasms	Yi-You Chiou, M.D. (Taiwan)
11:40-12:05	07. Neoplastic diseases of the small bowel & mesentery	Shenghong Ju, M.D. (China)
12:05-12:30	08. Tumorous lesions in the spleen	Yi-You Chiou, M.D. (Taiwan)
12:30-12:55	09. Colorectal neoplasms	Zaiyi Liu, M.D. (China)
10min	Break	
13:05-13:35	10. Origin of abdominal tumors	Manabu Minami, M.D. (Japan)
30min	Break + networking (meet the teachers)	
14:05-14:30	11. Solid renal neoplasms	Gusti Ayu Indrawati, M.D. (Indonesia)
14:30-14:55	12. Cystic lesions of the kidney	Seung Hyup Kim, M.D. (Korea)
14:55-15:20	13. Neoplastic lesions of the cervix and uterus	Teo Sze Yui, M.D. (Singapore)
15:20-15:45	14. Neoplastic lesions of the ovary	Chiou Li Ong, M.D. (Singapore)
20min	Break + networking (meet the teachers)	
16:05-16:30	15. Neoplasms of the adrenal glands	Takehiko Gokan, M.D. (Japan)
16:30-16:55	16. Neoplasms of the urinary tract (excluding kidneys)	Takehiko Gokan, M.D. (Japan)
16:55-17:20	17. Hereditary tumor syndrome	Manabu Minami, M.D. (Japan)
17:20-17:45	18. Mini-quiz cases: final diagnoses	Wey Chyi Teoh, M.D., Cher Heng Tan, M.D. (Singapore)
17:45-18:00	Announcement of prize winners and closing remarks	Seung Hyup Kim, M.D. (Korea), Wey Chyi Teoh, M.D. (Singapore)
